 - Money Markets – short term bond funds could be collected within 2 days as needed for resources
- **Membership** – too early to really review these numbers, as it just opened in June
 - Early to make definitive comments on membership numbers

- **P&L – RMD**
 - Numbers are finalized (fairly close to what was presented in June)
 - Membership slightly down, dues are down
 - Investment accounts are up
 - We don't budget for investment gains but we do add them into our totals

 - Napoli asked Delliquadri for any comments which she had none
 - Total – about 230K above by over \$3K
 - Delliquadri reminded that most of our money is currently in Home Team since that account accepts more income and RMD stays more standard
- **Budget –**
 - Exercise is fairly straightforward – based off actuals from year prior + projections
 - Based on slightly lower membership numbers
 - Reduced tech income account
 - \$31850 income planned
 - Expenses align with last year's numbers
 - Major item was insurance
 - We budget for net income to be zero since we are a non-profit
 - Renamed Fall Festival as "Athlete Event" to keep placeholder
 - Uniforms
 - Perricone inquired about uniform numbers and the potential to pull from the Athlete Event line if needed
 - Napoli stated he supported the allocation if needed
 - Krill noted that actual number was listed from last year. Napoli confirmed. Perricone mentioned that inflation can be heavier sometimes and just wanted to be on target.
 - Perricone stated that he wants to make sure the money is there for the quality of the items
 - Nolting suggested raising the uniform budget to \$7500
 - Napoli asked if we should keep that line item in play or if we should switch it up
 - Napoli suggested reviewing May as an option for future events
 - Delliquadri stated that we could move the uniforms to \$7500 and still have a zero balance
